

Hamburg, New York A welcoming community!

Hamburg has enacted the strongest fair housing law in Western New York because it strives to be an inclusive community.

The Hamburg Mobility Initiative was established so that families entering the Section 8 program or just wishing for better quality of life can reside within one of Erie County's leading suburbs, which has been called "the town that friendship built."

Special mobility assistance grants totaling up to **\$1,000** for security deposits and moving assistance payments are still available due to the generosity of the Town of Hamburg, New York.
